BUILDING FOR THE FUTURE

Guiding Principles

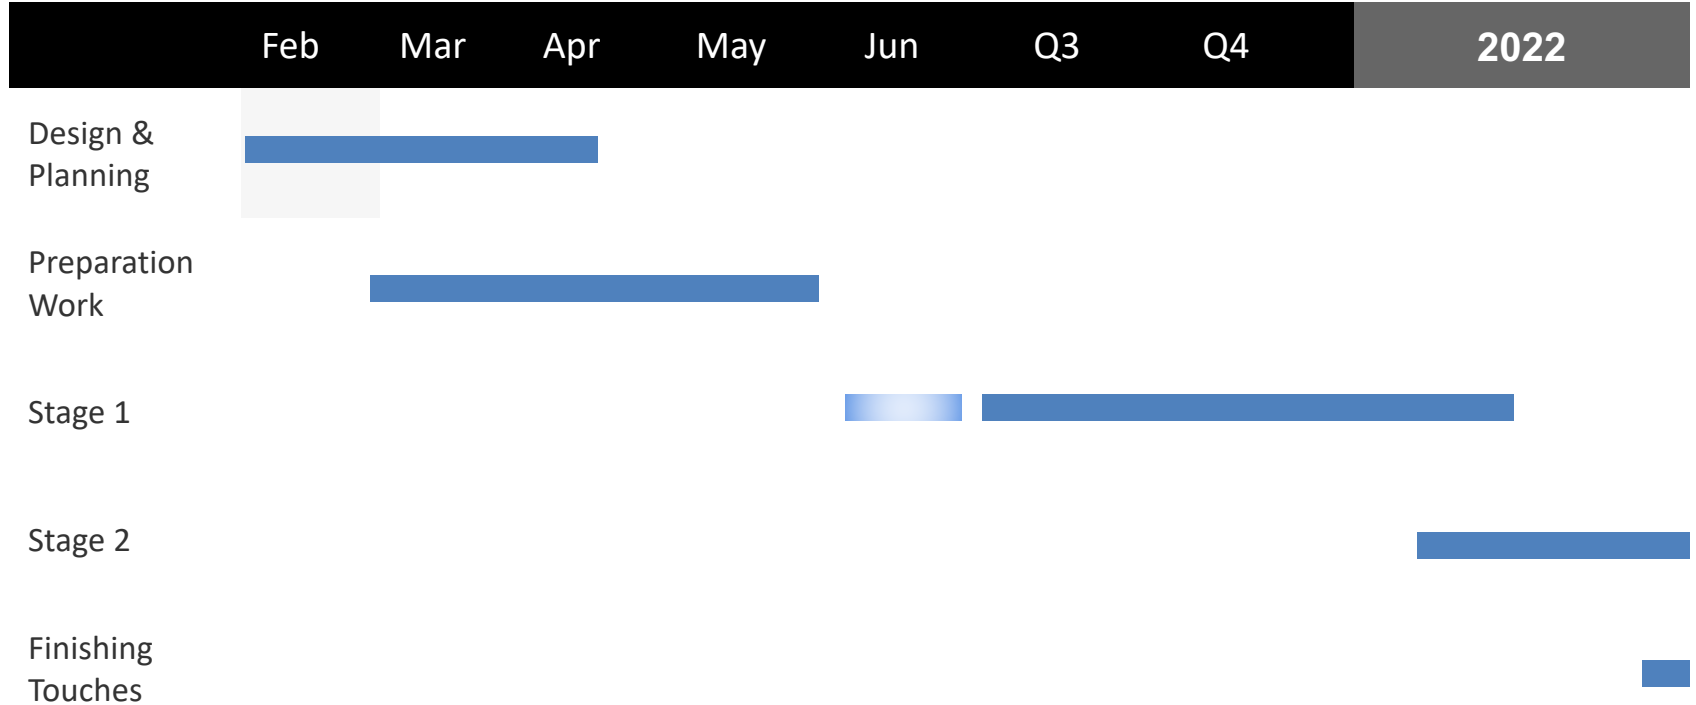

- To update our ministry platform, improving our ability to conduct ministry operations
- To demonstrate hospitality by creating an easy-to-use, safe, clean, and welcoming environment
- To prepare a place for those who have yet to visit. This is about “others”.
- To identify ways to make effective updates, while looking for savings in our selections, method, and timeline approach
- To create a coordinated approach to address many deferred maintenance items and opportunities

Actively pursue & maintain unity in the church, recognizing and respecting differing opinions.

IMMEDIATE TIMELINE - PREPARATION WORK

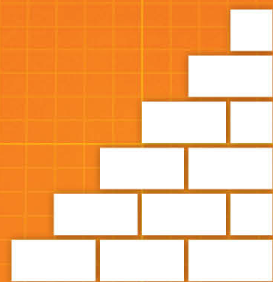

WHAT WE CAN DO NOW

1 **Pray:** That our work be honoring and pleasing to the Lord. That the work be completed on a seamless timeline. That we are able to keep ministry and worship activities as uninterrupted as possible.

2 **Give:** Consider how your giving can grow!

3 **Volunteer:** Whether you're gifted in "demo day" or gifted in serving food to minister to contractors that are coming onto our campus, we have opportunities for you. More info to come!
